Rebuilding of Model Village at Basti Khara Niazi

Mouza Sabzojat, Tehsil Muzaffargarh

21 March, 2011

We are pleased to bring you the latest update on the model village (Basti Khara Niazi, Muzaffargarh) close to our jute mills which we are rebuilding through our resources.

- All fifty houses that we are financing are now under construction
- Sixteen houses out of the fifty have been completed consisting of two bedrooms, kitchen, washroom, verandah and a courtyard
- Work in the first row of houses is almost completed, just the door fixing and brick flooring remains
- Work in the second row is also near completion, All that remains is the fixing of doors, verandah roof and laying of floor.
- *It is a wonderful feeling to see the new village grow and slowly coming alive!*
